DETAILED ACTION

Allowable Subject Matter

1. Claims 1-19 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or fully suggest a communication system providing tandem protection comprising: a first network element having a first transceiver and a first protection transceiver; a second network element having a second transceiver and a second protection transceiver; a first communication path coupling the first network element to the second network element; a second communication path coupling the first network element to the second network element; a splitter for splitting a signal to each of said first communication path and said second communication path for transmission to said second network element; a selector for selecting one of said first communication path and said second communication path for reception at said second network element; said first network element initiating communication between said first protection transceiver and said second protection transceiver upon signal deterioration on said first communication path in combination with signal deterioration on said second communication path.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
